Dear Mr and Mrs Manley.

2/14/39

Will you kindly advise me by return mail just when and where the National Colored League will hold their meeting this month.

I certainly would like to do business with you and Mrs Manley on your personal requirements of uniforms for this season and feel that I really can make a real suit for your players.

You both have always helped me with the ball adoption and I am really counting on you again to do all you can for the Wilson Off. Cushioned Cork Center Ball. It means a great deal to me personally and I really will appreciate any kindness you may do in my favor. As Always
Bob Rose
